- Payments : All non-NHS, (private), services require payment prior to your request being undertaken by the Practice.

- Insurance Forms, Medicals, Certificates & Letters : Your GP will assess each request individually. This is to ensure appropriate time is allocated for an appointment if your non-NHS service request requires you to be seen. Once your GP has assessed your request, you will then be contacted by a member of our team who will be able to book your appointment for you, (if required), and arrange to receive your payment. The Practice has 21 days in which to complete your request, (from receipt of fee and request), however, some circumstances and form types may lead to an increase in this time. It is the responsibility of the patient to ensure that requests are made in time for any specific deadlines. Non-NHS forms, medicals, certificates & letters are not classed as medically urgent and will not be considered as such.

- Fees are reviewed and approved annually and are in line with BMA Guidelines.
