Enhanced Data Sharing Model (eDSM) :

SystemOne is the clinical computer system used by Penryn Surgery. Opting into this method of sharing your medical information will allow other NHS services who use this same clinical computer system, eg. District Nurses, to access your medical record but **ONLY** if they have need to do so for your clinical care.

•Do you consent to the sharing of information with any other NHS service that may care for you?

- Yes
- No

This is not a data collection exercise; it is purely about your medical care.

For more information, please visit www.penryn.co.uk, policies and confidentiality or ask for a leaflet.

Please note: any information you give on this form will only be used by the Penryn Surgery in conjunction with your health needs and will not be passed to any third parties.
